ADULT EDUCATION ADDRESSING TODAY'S CHALLENGES

Project "ATTACH – Adult Education
addressing today's Challenges"
2022-1-DE02-KA220-ADU-
000089906

ATTACH is a 24-month project focusing on the professional development of Adult and Community Educators since they are the ones who should be better prepared to encourage the civic engagement of adults and seniors, particularly those with fewer opportunities. Wishing to address the fact that traditional education methods are not attractive to adult and senior learners, we aim in supporting the design of an innovative high-quality learning environment resulting in the active involvement of adults.

WORK PACKAGE 3

WP3 aims to develop a "Training toolkit to enhance citizenship of adult and senior learners" by using innovative methods that go beyond traditional adult education. The toolkit will incorporate Photovoice, educational animations, storytelling, and Kahoot! quizzes, considering results from prior research to address issues relevant to adult and senior learners with fewer opportunities.

The varied and creative content aims to improve retention, inspire conversation, and empower learners, particularly those marginalized by language, gender, race, class, or disability. The toolkit will focus on key topics such as human rights and climate change, data protection and online privacy, immigration and tolerance, and Euroscepticism.
